

## COMMUNITY ACTIVITIES

Our organization offers **Yoga** classes and **Zumba** lessons at extremely low cost for people who cannot afford to pay high prices. We really try hard to keep our community fit and healthy.

## COMMUNITY EDUCATION

We offer free computer classes to people who don't speak English well and don't understand the complex language of technology such as navigating on the Internet, browsing on social networking and communicate via electronic mail. We proud to offer Italian classes to children ages 5-14.

# About Us

L'Associazione Sportiva Italiana di New York is a not-for-profit organization that was established to serve Italian Americans and to serve the community at large. It plans, promotes and carries out other charitable, educational and cultural activities which best serve the welfare of Americans of Italian extraction and the community at large.

L'Associazione Sportiva Italiana di New York strides to promote ethnic understanding and racial equality and is open to all people, regardless of race, creed or religion.

L'Associazione Sportiva Italiana keeps the traditions and culture alive that were brought over from our parents and grandparents from Italy and to pass along to the next generation through organized events such as sports, festivals, food, music performances, etc.
